Construction Needs Adjustable Scaffolding Coupler for Versatile Building Solutions

Our Product Introduction

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding coupler
- Certification: SGS ISO
- Model Number: BT204
- Minimum Order Quantity: 1000
- Price: 4.5
- Packaging Details: container
- Delivery Time: 15-25
- Payment Terms: L/C, T/T

Product Specification

- Application: Construction
- Weight: 1.2kg
- Standard: EN74-1
- Certificate: ISO9001
- Package: Carton Box
- Material: Steel
- MOQ: 1000pcs
- Surface Treatment: Galvanized

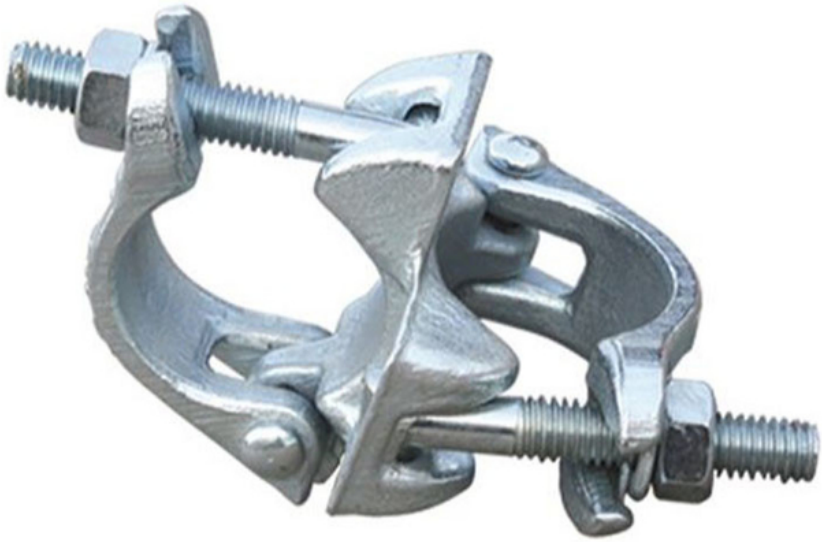
Product Description

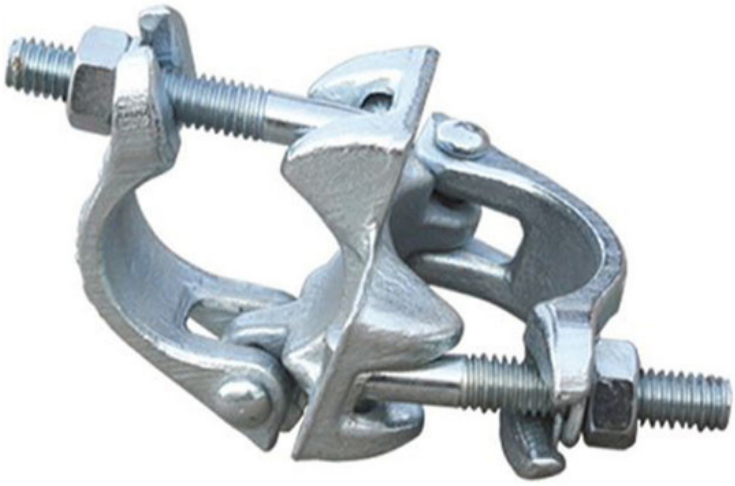
Product Description:

Scaffolding Coupler is a kind of galvanized coupler specially designed for scaffolding joint and steel pipe connection. It is a lightweight product, only 1.2kg, and is 48mm in size. It is widely used in the construction industry, with a minimum order quantity of 1000 pieces. It is made of high-quality steel and has passed the ISO9001 certification.
The Scaffolding Coupler is highly reliable, strong and durable. It is designed to offer a secure connection between scaffolding joint and steel pipes. It is also easy to install and use, providing a safe and efficient scaffolding solution. The coupler is corrosion resistant and rust proof, ensuring a long service life.

Features:

Product Name: Scaffolding Coupler
Feature: High Strength Steel Pipe Coupler
Standard: EN74-1
MOQ: 1000pcs
Weight: 1.2kg
Name: Scaffolding Coupler
Type: Scaffold Clamp Coupler, Scaffold Tube Coupler





Technical Parameters:

Name	Scaffolding Coupler
Certificate	ISO9001
Package	Carton Box

Type	Right Angle
Feature	High Strength
Color	Silver
Standard	EN74-1
Weight	1.2kg
MOQ	1000pcs
Material	Galvanized steel, BS1139 scaffolding couplers, scaffold clamp coupler

Applications:

Scaffolding Coupler: BM201 with High Strength

Scaffolding coupler BM201 is produced with hot dipped galvanized steel for superior strength and durability. It has a British coupler design and is a right angle coupler that is ideal for scaffold clamp coupler applications. The minimum order quantity is 1000 pieces and the price is 4.5 for each piece. The delivery time is 15-25 days. The weight of each piece is 1.2kg and the package is carton box.
The BM201 scaffolding coupler is highly versatile and easy to use. It can be used for connecting uprights and horizontals to create scaffolding structures. It has a high strength and is designed to last many years. It is also resistant to corrosion and has a long service life.
The BM201 scaffolding coupler is a quality product that is reliable and safe to use. It is also cost effective and has a low minimum order quantity for bulk purchases. It is the perfect solution for all your scaffolding needs.
