

Silver Screw Jack For High Performance And Precise Adjustments

Our Product Introduction

for more products please visit us on bythaiscaffold.com

Basic Information

- Place of Origin: china tianjin
- Brand Name: scaffolding screw jack
- Model Number: BM212
- Minimum Order Quantity: 1500
- Price: 4.5-8.5
- Delivery Time: 10-25

Product Specification

- Usage: Building Construction
- Product Name: Base Jack Scaffolding
- Surface Treatment: Painted/ Electro-Galvanized/ HDG
- Warranty: 2 Year
- Material: Steel
- Color: Silver
- MOQ: 1000
- Packing: Container
- Highlight: **Scaffolding Silver Screw Jack, Precise Base Jack Scaffolding**

Product Description

Product Description:

Base Jack Scaffolding | Product Overview

Product Name: Base Jack Scaffolding

Base Jack Scaffolding is a highly durable and reliable scaffolding system, designed to provide a safe and stable platform for building construction. This product is an essential tool for any construction site, offering maximum stability and support for workers and materials at various heights.

Usage: Building Construction

Base Jack Scaffolding is specifically designed for building construction, providing a strong and secure platform for workers to perform their tasks at various heights. It is suitable for both indoor and outdoor construction projects, making it a versatile choice for builders and contractors.

Material: Steel

Base Jack Scaffolding is made of high-quality steel, known for its strength, durability, and resistance to corrosion. This material ensures the stability and durability of the scaffolding system, making it a reliable choice for any construction project.

Surface Treatment: Painted/ Electro-Galvanized/ HDG

Base Jack Scaffolding is available in three surface treatment options - painted, electro-galvanized, and hot-dip galvanized (HDG). The painted option provides a layer of protection against rust and corrosion, while the electro-galvanized and HDG options offer superior protection and longevity, making it suitable for use in harsh weather conditions.

Warranty: 2 Year

Base Jack Scaffolding comes with a 2-year warranty, ensuring the quality and durability of the product. This warranty gives customers peace of mind and confidence in their purchase, knowing that they are investing in a high-quality and reliable product.

Key Features

Base Plate: The base plate of the scaffolding system provides a solid foundation for the structure, ensuring stability and safety.

Base Jack: The base jack is used to adjust the height of the scaffolding system, making it suitable for different construction needs.

Screw Jack: The screw jack is used to secure the scaffolding system to the ground, providing additional stability and support.

Steel Construction: The use of steel in the construction of the scaffolding system ensures its strength and durability, making it a reliable choice for any construction project.

Adjustable Height: The adjustable height feature allows the scaffolding system to be used for various construction needs, providing versatility and convenience for workers.

Maximum Stability: Base Jack Scaffolding offers maximum stability, ensuring the safety of workers and materials at various heights.

Technical Parameters:

Technical Parameter	Description
Product Name	Base Jack Scaffolding
Material	Steel
Warranty	2 Year
Surface Treatment	Painted/ Electro-Galvanized/ HDG
Color	Silver
MOQ	1000
Usage	Building Construction
Packing	Container
Keywords	Screw Jack, Scaffolding Accessories, Scaffolding base, Adjustable Jack

Applications:

Base Jack Scaffolding - The Perfect Solution for Building Construction

Brand Name: scaffolding screw jack

Model Number: BM212

Place of Origin: china tianjin

Minimum Order Quantity: 1500

Price: 4.5-8.5

Delivery Time: 10-25

Color: Silver

Material: Steel

Packing: Container

Are you looking for a reliable and efficient solution for your building construction needs? Look no further than Base Jack Scaffolding - the ultimate load-bearing base for all your scaffolding requirements.

Introducing Base Jack Scaffolding

Base Jack Scaffolding, also known as leveling jack or screw jack, is an essential component of scaffolding systems. It is used to provide a stable support for the entire scaffolding structure and is responsible for bearing the weight of workers, materials, and equipment.

Adjustable and Versatile

One of the key features of Base Jack Scaffolding is its adjustable height mechanism. The adjusting nut allows for easy and precise adjustment of the height, making it suitable for use in various construction projects. Whether you need to reach a higher level or work on uneven ground, Base Jack Scaffolding has got you covered.

Stable Support for Safe Working Environment

With its sturdy steel construction, Base Jack Scaffolding provides a reliable and stable support for workers, ensuring their safety while working at elevated heights. The wide base and strong grip of the jack make it perfect for use on different types of surfaces, giving you peace of mind and confidence to work efficiently.

Easy Installation and Durable

Base Jack Scaffolding is designed for easy installation, saving you time and effort during the construction process. It can be easily attached to the scaffolding structure and adjusted to the desired height. Moreover, the high-quality steel material used in its construction makes it durable and long-lasting, providing you with a cost-effective solution for your scaffolding needs.

Wide Application

Base Jack Scaffolding is not just limited to building construction. It can also be used in a variety of applications such as shipbuilding, bridge construction, oil and gas industries, and more. Its versatility and adaptability make it a valuable asset in any construction project.

Order Now

Don't miss out on the benefits of Base Jack Scaffolding for your construction project. Place your order now and get high-quality scaffolding screw jacks manufactured in China, Tianjin. With a minimum order quantity of 1500, you can get them at a competitive price of 4.5-8.5. Our delivery time is 10-25 days, ensuring timely delivery of your order.

Invest in Base Jack Scaffolding and experience the convenience, stability, and durability it offers. Make it a part of your construction toolkit today!
