

## Panama Mason Frame Scaffolding 1000kg Load Capacity Screw Jack Component for Construction

Our Product Introduction

for more products please visit us on [bythaiscaffold.com](http://bythaiscaffold.com)

### Basic Information

- Place of Origin: China
- Brand Name: Bythai
- Certification: SGS
- Model Number: BT04
- Minimum Order Quantity: 1000pcs
- Price: 18.9-28.9
- Packaging Details: Bundle
- Delivery Time: 15-30 Working Days
- Payment Terms: L/C, T/T
- Supply Ability: 5000t/Month

 **Bythai Scaffolding**

### Product Specification

- Features: Easy To Assemble And Disassemble
- Stability: High
- Surface Treatment: Powder Coating
- Safety: High
- Durability: Long-lasting And Sturdy
- Weight: Lightweight
- Load Capacity: 1000kg
- Material: Steel
- Size: Various Sizes Available
- Component: Frame, Joint Pin, Base Plate, Screw Jack, Etc.
- Easy Installation: Yes
- Usage: Indoor/Outdoor

## Product Description

### Product Description:

This Waco mason frame scaffolding provides exceptional strength and stability for masonry and high-rise construction projects. Available from a trusted supplier to Panama, it is engineered to withstand heavy loads and tough environments. Ideal for contractors seeking a robust, easy-to-assemble solution for large-scale projects. Its durable construction ensures long-term performance and compliance with industry safety regulations.

### Features:

**Product Name:** Frame System Scaffolding

**Surface Treatment:** Powder Coating

**Reusability:** Yes

**Safety:** High

**Flexibility:** High

**Color:** Steel, Painted Color

**Ladder Frame:** Yes, for Frame System Structuring

### Technical Parameters:

| name               | Size(W*H)           | Materials        | surface       |
|--------------------|---------------------|------------------|---------------|
| Walk Through Frame | 4*5'7"(1219*1700mm) | Q195 /Q235/Q355B | Powder Coated |
|                    | 5*6'4"(1524*1930mm) |                  |               |
|                    | 5*4'(1524*1219mm)   |                  |               |
|                    | 5*6'4"(1524*1930mm) |                  |               |
|                    | 5*6'7"(1524*2007mm) |                  |               |

## Applications:

### Bythai BT04 Frame System Scaffolding

Bythai BT04 Frame System Scaffolding is a perfect combination of h frame and ladder frame structures that offer an efficient and cost-effective solution for construction projects. It features a high load-bearing capacity, high durability, excellent safety, and reusability. In addition, it is highly cost-effective, making it the perfect choice for applications such as scaffolding, formworks, and temporary structures. These features make Bythai BT04 Frame System Scaffolding the ideal choice for any construction project, as it ensures that the job is done efficiently, safely, and with minimal cost. The high load capacity, durability, and safety of the frame system make it ideal for any kind of scaffolding, formwork, or temporary structure, while the reusability ensures that the product can be used for multiple projects. Bythai BT04 Frame System Scaffolding is the ideal choice for any construction project due to its high load capacity, durability, safety, reusability, and cost-effectiveness. With this product, you can be sure that your construction project will be completed efficiently, safely, and cost-effectively.

## Customization:

### Bythai BT04 Scaffold Mobile Frame System

This scaffold mobile frame system is made from high-quality materials, offering you superior durability and stability. It is lightweight, making it easy to move and transport. It is also cost-effective and can be customized to fit your needs. The Bythai BT04 Scaffold System is an excellent walk-through scaffold system that provides maximum safety and efficiency.

## Support and Services:

We provide technical support and services for Frame System Scaffolding. Our technical support team has a range of experts who are available to answer any questions you may have about the product. We also provide ongoing maintenance and monitoring services to ensure the system is running optimally. Our team is trained in the latest technologies and can provide custom solutions to any issues you may have. We strive to provide the best customer service and support to our customers so that they can have the best experience with our product.
